

AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Sevil
Surname : Abdulalieva
Father's name: Shamshir
Date of birth: 26.12.1967
Work phone: -
Mob: +994503133076
E-mail: sevil_ab67@mail.ru
Faculty: Agronomy
Department: Horticulture

EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

1991 - Azerbaijan Technology Institute

2014- 31.03.08, Fruit-growing, viticulture, "Evaluation of agrobiological and economic-technological features of the Italian muskat grape varieties in Ganja-Gazakh region".

2017- 06.01.08 Topic of doctoral thesis: Fruit-growing, viticulture, 06.01.08 – "Research of gene pool of Vitis V. in Ganja-Gazakh region and evaluation of perspective varieties"

Doctor Ph in Agrarian Sciences

EMPLOYMENT

In 1998-2001 he was accepted as a senior instructor to the Trade Union Committee of the Azerbaijan Agricultural Academy;

In 2001-2002 he worked as a laboratory assistant at the Department of "Viticulture, winemaking, storage of agricultural products and email technology" at the Azerbaijan Agricultural Academy;

In 2002-2004. Senior laboratory assistant at the Department of "Viticulture, winemaking, storage of agricultural products and email technology" at the Azerbaijan Agricultural Academy with a fixed-term employment contract;

2004-2012 - Assistant of the Department of Fruit, Vegetable and Viticulture of the Azerbaijan State Agrarian University;

2012-2017 Senior Lecturer at the Department of Fruit, Vegetable and Viticulture of the Azerbaijan State Agrarian University;

Chairman of the Faculty Trade Union in 2014-2017

2017-2019 - Acting Associate Professor of Horticulture;

From 2019 to the present he works as an associate professor of the Department of Horticulture.

Bachelor's degree in "Viticulture", "Production technology of crop products"; conducts lectures and laboratory classes on subjects.

At the master's level, he conducts lectures and laboratory classes on "Viticulture", "Ampelography", "Grape seedling", "Research Methods", "History and Methodology of Science", "Table Viticulture", "Grape Selection".

He was the scientific adviser of about 15 bachelors and masters.

He is the author of about 70 scientific works, including 32 articles, 4 textbooks, 2 monographs, 4 recommendations, 5 posters, 1 methodical instruction, 1 desktop annual calendar, 3 booklets, 1 brochure, 14 programs.

In 2020, the Agency for Agrarian Services under the Ministry of Agriculture of the Republic of Azerbaijan allowed the use of a new grape variety "Kahraba" for the production of agricultural products in the country. It was registered in the state register of protected selection achievements, and a decision was made to issue a patent and copyright certificate to the researcher.

RESEARCH AREA

- Differential geotechnics of grape;

- Determination of the gene pool of grape varieties widespread in Ganja-Kazakh region and research of cultivation technology on the basis of innovative technologies.

PARTICIPATIONS IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES

1. International Conference: "Agrarian Science: Achievements and Prospects", Tashkent: Tashkent GAU, 2002.
2. Scientific session dedicated to the 80th anniversary of prominent scientist-entomologist SR Mammadova. Baku, 2006
3. Scientific-practical conference dedicated to the 95th anniversary of the outstanding pedagogue, fruit-scientist AS Narimanov, Ganja, 2006
4. ADAU-80: Application of innovative technologies in the agrarian education system and forms of international cooperation. International scientific-practical conference, Ganja, 2010
5. Problems of development of education and science in the context of globalization. International Scientific-Practical Conference. Ganja, 2011
6. Nationwide scientific-practical conference dedicated to the 90th anniversary of national leader HA Aliyev Ganja, 2013
7. ADAU TEC, scientific-practical conference of doctoral students and dissertators, Ganja, 2013
8. International scientific-practical conference dedicated to the 85th anniversary of ADAU, Ganja, 2014
9. New infrastructure of the agrarian sector in Azerbaijan: the need for their creation and the role of agro-parks in innovative development Republican scientific-practical conference. Ganja 06-07 May 2015
10. LAMBERT Academic publishing, <https://www.lap-publishing.com/content?locale=tr>, Turkey - 2019
