

AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Azad

Surname: Ibrahimov

Father's name: Qanbar

Date of Birth: 06.06.1961

Work phone: -

Mob: 502224495

Email: Azad_ibrahimov_61@mail.ru

Faculty: Agronomy

Department: General Agriculture, genetics and plant breeding

EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

In 1984, he graduated from the Faculty of Agronomy of the Azerbaijan Agricultural Institute named after S. Agamalioglu (now the Azerbaijan State Agricultural University).

In 1993, he defended his dissertation on "The impact of the application of intermediate crops on small lease and farms on the agrophysical properties of the soil, cotton yield and seed quality" and received the title of Candidate of Agricultural Sciences in Soil Science (23.00.27) - Associate Professor.

EMPLOYMENT

From 2017 to present, he is an associate professor at the Department of General Agriculture, genetics and plant breeding

From 2015 to 2017, he was the head of the Department of General Agriculture, genetics and plant breeding

In 2009 he became an associate professor at the Department of General Agriculture, genetics and plant breeding.

1995-2009 Vice-Rector for Economic Affairs. Associate Professor at the Department of Soil Science

1992-1998 Associate Professor at the Department of genetics and plant breeding

1989-1992 Researcher at the Azerbaijan Agricultural Institute

1987-1989 Senior specialist in Goranboy region AGRICULTURAL Industrial Union

1985-1987 Chief agronomist at the communist collective farm of Goranboy region

RESEARCH AREA

Study of geographical distribution of soil types of Azerbaijan on the basis of national classification principles by means of modern geographical information systems, diagnostics, planting of main crops on the basis of zonal regularities, development of methods of increasing soil fertility and protection

PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES

2000 - Exchange of experience at Kars Agrarian University, Turkey. Symposium

2006 - Weinstein University International Conference, Germany

2007 - Krasnodar Agricultural Institute, Russia. Symposium

SCIENTIFIC WORKS

Assessment of the formation of new production structures in the agricultural sector. Proceedings of the International Scientific Symposium Ganja 2004. pp. 361-362.

The role of systems in the distribution of products of firms in the modern concept of marketing. Collection of scientific works of the Academy Ganja 2005. p. 544 - 546.

The impact of the development of entrepreneurship in the agricultural sector on the economic efficiency of production. Collection of scientific works of AKTA Ganja 2006. pp. 367-370.

The impact of the application of intermediate crops on the farms of Goranboy region on the improvement of agro-physical properties of the soil and grain productivity // Theses of the international scientific-practical conference on the problems of education and science development in the context of globalization. Ganja 2011, pages 75-77.

V.İ. Agakishiyev. Seed production of ADAU-80 corn variety and its organization // Scientific works of ADAU. (Appendix 1 - Tribune of young scientists). Ganja 2013, pages 100-102.

Morphological, anatomical structure, features of weeds and measures to combat them // Conference dedicated to the 92nd anniversary of national leader Heydar Aliyev, GSU Publishing House, Ganja 2015, pp. 90-94.

Impact of salinization and salinization on the productivity of cotton soils. Ganja branch of ANAS 2018

Changes in Agrophysical Properties of Irrigated Gray-Brown Soils Under Different Plants. Collection of Scientific Works of "Agriculture" Scientific Research Institute 2018
