

## AZERBAIJAN STATE AGRARIAN UNIVERSITY

Name: Tamella

Surname: Bakhshalizade

Father's name: Zulfiqar

Date of birth: 18.12.1948

Office phone: Mobile: 0555026523

Email: baxslizadtamella@gmail.com

Faculty: Agronomy

Department: Ecology

**EDUCATION, SCIENCE AND NAME** He graduated from Kirovabad Pedagogical Institute (now GSU) in 1971 with a degree in Biology. In 2000, he defended his dissertation on "Environmental assessment of the impact of Ganja-Clay-soil plant wastes on soil vegetation."

In 2006 he received the title of associate professor of ecology.

**LABOR ACTIVITY** In 1992-1993 he was a researcher at the ACTI.

Since 1993 he has been working as an associate professor at the Department of Ecology of ADAU.

Undergraduate: Ecology

Master's degree: Conducts environmental protection classes

He is the author of about 45 scientific articles, 1 textbook, 15 programs

**RESEARCH AREA** Ecology

**PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES**

1. Environmental problems of Ganja-clay-soil Production Association (former Aluminum Plant) waste. ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of the national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan. Ganja 2015.
2. Application of GIS technologies in ecological monitoring of forests ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan.
3. General condition and inventory of Ganja greenery. ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan.

4. Research of cultural forest plantations and problems of forest restoration in the forests around Hajikand GSU international scientific conference. Part III. N3. 04-05 May 2018.

SCIENTIFIC WORKS 1. Impact of urbanization on the environment ADAU. It is dedicated to the 91st anniversary of national leader Heydar Aliyev and the 85th anniversary of ADAU. Ganja 2014.

2. The effect of different doses of chemical mutagens on the economic characteristics of cotton. ADAU. It is dedicated to the 91st anniversary of national leader Heydar Aliyev and the 85th anniversary of ADAU. Ganja, 2014.

3. The role of forest plantations against erosion in the Ganja-Gazakh region. Ganja, 2014. Scientific works of ADAU. Ganja, 2014.

4. Strengthening of erosion deposits, gullies and landslides Scientific works of ADAU. Ganja 2014.

5. The impact of human activities on the environment. Scientific works of ADAU. Ganja 2014. N1.

6. Ecological problems of wastes of "Ganja-clay soil" Production Association (former Aluminum plant). ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of the national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan. Ganja 2015.

7. Application of high technology in ecological monitoring of forests ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan.

8. General condition and inventory of Ganja greenery ADAU. Theses of the scientific-practical conference of bachelors and masters dedicated to the 92nd anniversary of national leader Heydar Aliyev and the announcement of 2015 as the "Year of Agriculture" in Azerbaijan.

9. Ecological problems of natural resources of the western region of Azerbaijan and their solutions. Scientific works of ADAU. N2. Ganja 2016

10. Influence of reproductions of cotton seeds and classes of output on economic indicators Scientific works of ADAU. N2. Ganja 2016.

11. Increasing the productivity of mountain forests. Scientific works of ADAU. N2. Ganja 2016.

12. Crabs and shrubs, which are naturally distributed in the forests of Azerbaijan, can become the main base for food supply. Scientific works of ADAU. Ganja 2017. N1.

13. Fire hazards, environmental hazards and preventive measures in the forests of the western region. Scientific works of ADAU. Ganja 2018. N3.

14. Research of cultural forest plantations and problems of forest restoration in the forests around Hajikand GSU international scientific conference. Part III. N3. 04-05 May 2018.

- Programs: 1. Basics of ecological expertise and design. ADAU Publishing House, 2017
2. Household ecology. ADAU Publishing House, 2017
3. Basics of nature protection. ADAU Publishing House, 2017
4. Rational use and biological rehabilitation of soils. ADAU Publishing House, 2017
5. General ecology. ADAU Publishing House, 2017
6. Implementation of nature protection measures. ADAU Publishing House
7. Ecology. ADAU Publishing House, 2017
8. Environmental impact assessment. ADAU Publishing House, 2017
9. Applied ecology. ADAU Publishing House, 2017
